Closing	7

This has an exciting time for us at Fleming & Barnes, Inc. dba Dimondale Adolescent Care Facility. We had an outstanding Summer and are now gearing up for our Winter festivities.

The Dimondale Enrichment Program is now in its fourth year! The program is proving to be a success in helping the youth in the community. The mission of the program is to provide the youth with the opportunity to achieve success through participation of the program.

Annual Back to School Picnic

The sun was shining and a light breeze was blowing. It was a beautiful Saturday afternoon at Wilson Park in Torrance, CA. This year's picnic was joined by our wonderful friends at CareProvider and Guiding Light. The turnout was remarkable with staff and youth from all three organizations.

The annual Back to School Picnic is one of two company events held by Dimondale each year, providing the youth with an opportunity to meet, mingle and spend time with peers from other organizations, family and friends. August 6, 2016 was a time to celebrate the end of summer.

The celebration offered a wide array of food, activities and entertainment. While children and adults participated in the potato sack race, others could be found at the gazebo enjoying Tommy the Clown's performance and dance off with his team!. The Carnival themed event also had an ice bar with a list of flavors to choose from, a photo booth to capture the fun everyone was having as well the tasty tacos provided by Taco Mell's.

This year's Back to School picnic was a smashing success. Dimondale would like to thank all who were in attendance for making the picnic memorable. A special thanks to the Black Diamond Drill Team and Drum Squad for their awesome performance.

Wicked

This story can fit 150-200 words.

One benefit of using your newsletter as a promotional tool is that you can reuse content from other marketing materials, such as press releases, market studies, and reports.

While your main goal of distributing a newsletter might be to sell your product or service, the key to a successful newsletter is making it useful to your readers.

A great way to add useful content to your newsletter is to develop and write your own articles, or include a calendar of upcoming events or a special offer that promotes a new product.

You can also research articles or find "filler" articles by accessing the World Wide Web. You can write about a variety of topics but try to keep your articles short.

Much of the content you put in your newsletter can also be used for your Web site. Microsoft Publisher offers a simple way to convert your newsletter to a Web publication. So, when you're finished writing your newsletter, convert it to a Web site and post it.

This story can fit 100-150 words.

The subject matter that appears in newsletters is virtually endless. You can include stories that focus on current technologies or innovations in your field.

You may also want to note business or economic trends, or make predictions for your customers or clients.

If the newsletter is distributed internally, you might comment upon new procedures or improvements to the business. Sales figures or earnings will show how your business is growing.

Some newsletters include a column that is updated every issue, for instance, an advice column, a book review, a letter from the president, or an editorial. You can also profile new employees or top customers or vendors.

We'd like to wish a "Happy Anniversary" to all the Dimondale Adolescent Care Facility employees celebrating their anniversary with us! Thank you for your hard work!

We're proud to have you
ON OUR TEAM

Dear Friends,

Thank you for taking the time to read our latest newsletter. At Fleming & Barnes, Inc. there have been many changes to our program and a lot of growth within the organization. We are happy to have been able to continue with supporting the youth in our community with the services that provide tools for lasting stability.
